

SKI LIFT INSTALLER

Mt. Hood Meadows Resort

JOB SUMMARY

This is a unique project at Mt. Hood Meadows Resort requiring employees to have the ability to hike up the mountain each day to the job site and physically work for 9+ hours a day. Ideal candidates would have a wide range of experience in mechanics, excavation and concrete, as well as heavy equipment. The Ski Lift Installers would report to an Installation Project Manager assisting them with assembling machinery, surveying, excavating, and pouring concrete for the foundation, and overall installation of the ski lifts.

ESSENTIAL DUTIES AND ARE RESPONSIBILITIES *(to include, but not limited to)*

- Adhere to OSHA and Environmental regulations
- Excavate and pour concrete for the foundation
- Assemble Machinery
- Assist in Rigging operations
- Properly operate a variety of hand and power tools
- Perform Helicopter work to include hooking loads underneath and receiving on the other end
- Safely perform all duties of this position without significant risks to self or others
- Follow proper safety and incident-reporting procedures
- Clean and prepare job sites

COMPETENCIES, SKILLS & ABILITIES

- Ability to work at elevations over 7,000 ft
- Ability to work at Tower Height
- Ability to work in severe weather conditions such as extreme heat and extreme cold on the mountains
- Ability to stand and physically work with power tools, cranes, heavy loads, and misc. heavy machinery for anywhere from 8-12 hours a day, 5-7 days a week
- Ability to lift heavy objects (up to 50lbs), walk and stand for long periods of time, and perform strenuous physical labor under adverse field conditions
- Proficient Communication
- Teamwork Orientation
